About me

I am currently a student at North-West University with a strong passion for coding and continuous learning. Over the past two years, I have gained experience in a variety of programming languages, including C#, C++ Java and Python. I am enthusiastic about pursuing a career in Information Technology and am committed to expanding my technical skill set to make meaningful contributions to the industry.

Education

Stellenberg High School | Cape Town, South Africa

2017-2021

- Subjects: Mathematics, IT, Physical sciences, Business studies, Afrikaans Home Language, English Home Language

Projects

North- West University Dreamflix cinema project

2024 Feb – 2024 Sep

- Designed and developed an Information system, handling aspects such as movie scheduling, seat bookings and reporting.
- Collaborated with a team of 5 university peers.
- Utilized the C# programming language to build the application
- Implemented the system using the .NET framework
